<b>CHANGE NO:</b> 13	<b>TO (No.)</b>	<b>TITLE:</b> Aflatoxin Handbook	<b>DATE:</b> 12-18-06
-------------------------	-----------------	-------------------------------------	--------------------------

**PURPOSE OF CHANGE:** The Aflatoxin Handbook has been revised to update instructions for the AgraStrip, Aflatest, Fluoroquant, and ROSA P/N test kits, and to correct the ROSA (Quantitative) instructions pertaining to positive and negative control procedures. The new test kits have been evaluated based on the new specifications and the qualitative kits AgraStrip and ROSA have procedures and/or part numbers for both 10 ppb and 20 ppb limits of detection. This update also includes the removal of chapter 5 - AflaCup as the kit has not been offered for evaluation under the new specifications and its authorization for official use expired effective September 30, 2006.
